BOX MISSING PARTS

Commissioner for Patents and Trademarks
Washington, DC 20231

Sir:

**SUBMISSION OF SUBSTITUTE PAPER COPY AND
COMPUTER READABLE FORM OF SEQUENCE LISTING**

In the Notice to File Missing Parts mailed October 2, 2001, the Office advises Applicants that the application fails to comply with the requirements of 37 C.F.R. §§ 1.821 through 1.825, because the computer readable form of the Sequence Listing is missing a field identifier in several places. In reply, Applicants enclose a substitute paper copy and computer readable form of the Sequence Listing correcting these deficiencies. Please delete the current Sequence Listing and insert therefor the replacement paper copy of the sequence listing enclosed with this response.

The undersigned verifies that the information recorded in the computer readable form submitted herewith is identical to the paper copy of the Substitute Sequence Listing. No new matter is included with this submission.
